August attendance 82

The Local 82 Softball Teams want to send a great big thank you to all the people who donated their time and energy helping with the 37th IBEW Midwest Softball Tournament that we hosted back in July. These special folks helped make the tournament the success it was. Everyone had a great time at the hospitality nights, playing ball, seeing old friends and making new ones.

Again, thanks to all the volunteers!

If anyone has any pictures they would like to share of the tournament, hospitality nights, or the airplane with the banner that flew over on Saturday let us know. We'd like to keep some copies at the Hall.

Dear Credit Union Members,

The recent proposal to enter into a merger partnership agreement with Heartland Federal Credit Union has been approved by the shareholders of the Electricians Credit Union and both Boards of Directors. Over the next several months the officers and employees of both credit unions will be working on completing the merger procedures. Electricians Credit Union customers can look forward to additional services which will include electronic banking and bill paying features, more ATM locations, certificates of deposits, VISA rewards, and home mortgages. Personal services will continue to be available for those who prefer doing business “face to face” instead of through a machine.

When our data conversion is complete you will be able to access your accounts at our other branch locations in Piqua, Springfield and Moraine City. The office at the Local 82 Union Hall will have expanded hours, and plans are under development for a branch office in the Centerville -Bellbrook area along I-675 at Wilmington Pike.

Your Credit Union has proudly served its loyal members for over 45 years. The long term success of our credit union is a tribute to the customers and those that incorporated the credit union in 1963. The founding members were Bob Carver, Tom Keferl, Al Lewis, Luke Osterfeld, Jack Schmid, Harry Travis and Harry Wells. The first Board of Directors also included Elmer Alley, Rich Brown, Hank Lachance, Don Hutchinson, Bud Manley, Tom Murray and Harold Stuart. Their foresight, and the dedication of the staff and volunteers that have served over the years, developed into an organization that has provided millions of dollars in loans and savings opportunities to our members.

Working resourcefully behind the counter providing member services for countless years has been Liz Caddies, Diane Jackson, and Mary Beth Murray. Also to be recognized are the Directors and committee members that assessed and approved the partnership merger with Heartland. They are Gary Belg, Jim Clark, Tom Hatcher, Bert Holdeman, Bob Keller, Hank Lachance, Bill Melke, Johnny Morris, Grady Mullins, Doug Searcy, Denny Wells and Cathy Zelinskas. We also honor Charlie Toon for his many years of dedication and service to the Credit Union.

We are optimistic that this merger will provide continued and improved services for your financial needs for many more years to come.

Best wishes, and thanks for your support!

Denny Wells

CREDIT UNION SPECIAL ACKNOWLEDGEMENT

Hank Lachance was one of the original members of the Credit Union Board. He has served continuously since 1963. He has always been someone we could count on. A special thanks to Hank for his 45 years of dedicated service.

Barack Obama: The Best Choice for Working Families

IBEW Endorses Democratic Candidate, Vows All-Out Push

Washington – The International Brotherhood of Electrical Workers today joined in organized labor's endorsement of Sen. Barack Obama for President of the United States.

"Our union deliberately did not endorse a candidate in the primaries because we wanted our members to listen to all the candidates and participate in the process. Now is the time to join with the labor movement to unite behind the candidate who offers the best choice to reverse the disastrous policies of the past eight years," said IBEW International President Edwin D. Hill. "The issues are clear. We as a people face difficult choices on health care, energy policy and building jobs and opportunity in a world increasingly bound by economic and environmental issues. Barack Obama offers positive leadership to navigate our way into the future instead of continuing the failures of the past."

The IBEW has been engaged in vigorous training at the local level in order to increase voter registration and participation by members and their families. The union is committed to its largest mobilization effort ever for pro-worker candidates up and down the ballot.

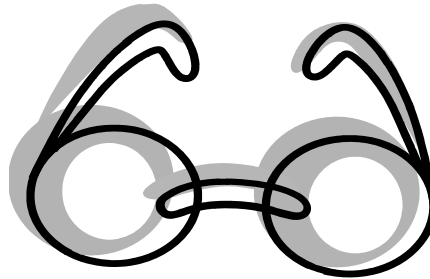

"We want to engage our members and all working people on the need for action on the issues that make a difference in our daily lives," added Hill. "It is time to move beyond name calling and division so that our country can take positive action on the challenges we face."

The IBEW is an international labor organization that represents approximately 725,000 workers in the United States, Canada, Puerto Rico, Guam and the Republic of Panama. The IBEW has members in construction, utilities, manufacturing, telecommunications, broadcasting, railroads and government.

Barack Obama's visit to the Dayton area

On July 10, 2008 the electrical department of the Dayton Public Schools received a call that Barack Obama was coming to Stivers High School for the Arts on July 12th. When IBEW Local 82 members Gary Bakos and Mark Burns met with the advance team, they were told Senator Obama's crew needed two 100 amp three phase panels for temporary power, plus media and internet hookups that were provided by Local 82 members Greg Spencer and Bob Shirley. When Howard Meyers, member of Carpenters Local 104 finished the temporary stands, work began. After the CIA performed their scans and the FBI did their checks, all went off without a hitch.

Also, IBEW Local 82 Brothers John Currier and Bob Garlock, WHIO-TV Photographers and Brothers Chris Smith and Dominic Wilson, WDTN-TV Photographers were there shooting for their respective stations.
